Head office : (+237) 22 31 10 79 / Mobile phone : 237) 7767 14 41

Background and Rationale

The HIV / AIDS remain a major challenge worldwide. Since its discovery to the present, the number of victims is still considerable. There remains, however, in Cameroon, where the pandemic continues to wreak havoc. This explains the increased number of AIDS Orphans and Vulnerable Children (AOVC). The school complex "Saint Therese of Lisieux" has the aim of hosting free children in distress in order to ensure their education. Enrollment will be completed by children of middle class families and wealthy, who pay their tuition.

Location and Duration of the Project

The project made at Yaounde (Awae-Ewankang) .

Objectives

Overall objective

- Provide a framework for a healthy education.
- Ensure a complete training to the managers of tomorrow.
- Train future pillars of the Nation.

Promote the training of honest citizens.

Beneficiaries.

- Children orphaned by AIDS and vulnerable.
- Children from surrounding neighborhoods.

Expected Results

- A creche is build.
- A nursery school is build.
- A bilingual primary school is build.
